INTEREST

Event Organizing and Tech Enthusiasm

Part of Organizing TECHIZEN 2K25 Event at Bangalore University, actively involved in tech-related activities.
Full stack web development:

Aspiring Full Stack Web Developer

Enthusiastic and dedicated learner currently building skills in full stack web development. Proficient in front-end technologies like HTML, CSS, and JavaScript, with growing expertise in modern frameworks such as React or Angular. Gaining experience in back-end development using languages like Node.js, Python, or Ruby, and familiar with working with databases like MySQL, PostgreSQL, or MongoDB. Developing a strong understanding of RESTful API design, version control (Git), and deployment processes. Passionate about creating user-

💼 WORK EXPERIENCE

Student
Bangalore University
As a passionate MCA student with an enthusiastic interest in web development, I am eager to explore and implement innovative solutions to tackle real-world problems through technology. My practical experience in event management and team collaboration has honed my ability to thrive in dynamic environments, and I am excited to leverage my growing skills to contribute effectively to organizations and team leadership.

December 2023 Present

📑 PROJECTS

Blood Bank Management System – Academic Project (05/2023 – 07/2023)

• Led a team of 5 members to develop a platform allowing students to search, view and book hostels at their convenience.
• Coordinated team efforts by assigning tasks, managing timelines and reduced completion time by 20%.
• Implemented features such as blood availability and user authentication by 40%.
• Collaborated to design a user-friendly interface, reducing effort requirements by 30%.
• Successfully completed the project well before deadline, delivering a functional platform that enhanced the hostel booking process for students.
